Miss Susan's Class News

September, 2013

We had a wonderful start to the school year we met lots of new friends and together with our old friends we now have a fun and exciting class of young 2 year-olds. During the first week of school we were all busy painting yellow school buses, red school houses, making yummy apple pie and apple prints. The following week we made apple wreaths and cute bumble bees, and to decorate the sukkah we made our handprints into flowers.

To celebrate sukkot we had our lunch in the sukkah and made edible sukkahs. We met the

rabbi in the sukkah and she showed us the etrog and the lulav and we helped her sing the blessings.

To end the month of September we have been busy learning and making art for some of the most popular nursery rhymes.

Miss Gina's Class News

School is back in session and some big changes have taken place- our older twos are in their very own classroom with Miss Gina!

We have started off the year getting to know each other by exploring what makes us special our eye color, hair color, size, gender and what we like. We made friendship bracelets and created felt board self-portraits.

Our class is learning about the colors red and green and numbers using apples for sorting, counting and painting. We played the red and green circle game and counted apples in an apple

tree felt board activity. We played matching games and hide- and-seek with letters A, B and C.

In celebration of Sukkot, we had shabbat in the Sukkah with the Rabbi!

Nemo is a new addition to our classroom. We take turns feeding him. We love our little fishy!

Three-year-old Class News

We have started the school year with our number unit so far we have made pages 0,1,2,3,4,5,6,7,8 and 9 for our number book. We have fun every day counting things around our class.

We also explored apples

during our first week. We were greeted by the sukkah in the yard on the second week of school. We made apple decorations for the sukkah and even made our own popsicle stick version. We met the Rabbi

in the sukkah for an extra special Shabbat.

As we finished up the month of September we started our 5 senses unit and have been exploring our sense of hearing. We listened to different sounds identified them, we made our own sound box, made

sound patterns, and enjoyed making sounds with different instruments. We also met up with our Rabbi again this time in the sanctuary to take a close look at the Torah and to learn about Simchat Torah.

Pre-Kindergarten News

September was full of apples. We tasted, sorted, estimated, and cooked with them. We made three books that contain the high frequency words we have been working on. We have learned how to write letter E and F and we can sign the alphabet up to letter G. We learned about and made Johnny Appleseed pictures. He even had a cooking pot on his head. Counting to 120, learning our zoophonics animal hand signals, the days of the week and months of the year are being practiced every day. We are off to a fantastic new school year.

Thanks for sharing your kids with us. Ms. April, Ms. Kat, and Ms. Brooke.
