

TBD EARLY CHILDHOOD LEARNING CENTER

Preschool News

Summer 2015

Summer has definitely arrived at the Early Childhood Learning Center. Children are running through our water obstacle course every week. There is mud cakes baking in our toy oven and children screaming in delight are all signs that we are in the midst of our favorite season. We are well into our second session of summer and the fun has not slowed down. Our summer program is messy and busy as usual. The program runs somewhat differently from the rest of the school year. We base our curriculum on a weekly theme and keep the day less structured, with outdoor water play, crafts and art. The weekly themes include Community Helpers Week, Garden Week, Literature Week and Camping Week. The teachers and I are having a great time and the children seem to enjoy it also.

We have welcomed many new friends this summer and are currently enrolling for our new school year. We would love to tour anyone that is looking for an exceptional preschool experience for their children.

Wishing everyone a safe and fun summer.
